Vuemont Vista... a prime location in Lakemont, with all the neighborhood warmth and commute conveniences you've been looking for! All with a lot size that is more typical of a rural setting. Meandering spaces and gathering places that will welcome you home throughout every season.

This sophisticated Northwest Contemporary affords a rich lifestyle at a great value... stunning details and ample upgrades are everywhere you turn. Luxurious materials assembled into a palette of warmth and depth. The dramatic two story entry is a statement in itself.

The floorplan is formal in nature with a casual elegance that invites you in. The open flowing floor plan leads you from the kitchen into the breakfast area with new cabinets, stone counters and top of the line SS appliances. Flowing into the family room the style is truly inspiring. The flat screen television is meticulously mounted to embrace the fireplace details... all the while the room is flooded with natural light, highlighting every detail.

Upstairs, you will discover three generously proportioned bedrooms and two full bathrooms. The master suite is truly spectacular. The master bath awaits you with generous size soaking tub set in a corner and wrapped in marble, shower, and his and hers vanity, and walk-in closet.

The expansive backyard is perfect for entertaining. It is also a gardener's dream come true. Mature landscaping and seasonal areas clearly defined for managed care and beautiful springtime color.
